To whom it may concern

It is a pleasure to write a reference letter for Power House PLC., whom I know them since 2008. The following information would help introduce the company as well as convey my genuine recommendation that they will be qualified for your job.

They have completed LAN structured cable installation satisfactorily at Sugar Corporation head office. Without a doubt they are extremely hard working and deliver their work with quality and standard. They are industrious and meticulous in completing their work independently as well as in a group. While working in a group I have noticed them being cooperative to one another and perform as one. The quality and standard of their work is outstanding. In addition their readiness to learn from others is impressive.

Therefore, I recommend them for any task concerning LAN structured cable installation which I myself guaranteed they will deliver a quality service.

Sincerely

Ref: EHIP/0100/12

To Whom It May Concern:

Power House PLC have successfully installed the CAT 6 computer Local Area Network (LAN) of IRD-EHIP (Ethiopia Health Infrastructure Program) in November 2011.

They have performed the following tasks over a period of three weeks:

- Made site survey and presented IRD-EHIP with an assessment report and AutoCAD site layout diagrams
- Wired CAT6 cables
- Terminated Double-faced wall outlets
- Patched panels
- Labeled nodes
- Prepared post-installation wiring diagram
- Installed servers into 42U racks

Power House acted in a professional manner in conducting their duties. Their after-sales service was also excellent.

To whom It May Concern

Power House Computer Solution PLC has served as a Network Implementation firm chosen by Heineken Breweries Share Company to supply, install, configure, test and documentation of LAN, Power and Door Access Control.

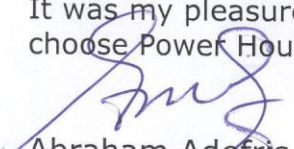

The project was good not only in demanding high quality but also in requiring the delivery of this project timely within the fixed period of time.

The tasks that has been performed by Power House Computer Solution is as follows

- Supply, Installation and Configuration of LAN
- More than 400 Nodes
- Redundant Fiber Backbone
- Access Control for server room and for each floor
- Data Center Partition, Fire Extinguisher and Alarm system
- Switch, router and Access Point Configuration
- Power installation for all Nodes
- Air Conditioner installation for Server room
- Telephone Line installation
- Server and Backup Tape

I am pleased with the work Power House Computer Solution has done in delivering the project on time and especially for being an agile networking company which was the key success factor that enabled them to respond to highly demanding tasks while keeping quality and service.

It was my pleasure to work with them again and recommend other organizations to choose Power House Computer Solution for their networking solutions.

Recommendation Letter

To render effective and efficient services to its customers, our organization, Geological Survey of Ethiopia has replaced its existing LAN infrastructure with the state of the art technology.

For the implementation of this project, **Power House Computer Solutions Plc** has been our Supplier and Installer of Local Area Network Structured Cabling.

Through this project the company has delivered the following materials and services:

- UTP Cat 6 cable
- Multi-mode fiber optic cable
- Patch Panels
- Cable Trays
- Wall Outlets
- Electrical Accessories
- Installation Service for more than 380 nodes
- Installation and Splicing of Fiber optics for more than 40 cores.

Since we are extremely pleased with the timely material supply and quality implementation services, we are fully confident to recommend Power House Computer Solutions Plc for any supply and installation services of network infrastructure.
