Organizational Structure

Power House Computer Solution delivers ICT services in the area of our specialty Networking, ICT consulting, and support service to various government & non-government organizations in the country.

To provide the above services efficiently to its customers Power House Computer Solution organized its organizational structure in to four main departments and other supportive departments. The main departments are Networking and security, support and maintenance, consultancy and software development

VISION STATEMENT

Power House Computer Solution believes technological innovation and improvements will support and enhance Customer position in an increasingly global and competitive digital environment. We strive to anticipate the technological needs of the Customer and provide leadership to create innovative and cost-effective solutions.

We believe the Customer will continue to rely heavily on our ability to successfully identify leading-edge technological advances and make them available now and in the future as the Customer pursues dynamic change in the technology.

We believe we can make extraordinary contributions to the Customer outreach efforts. We will endeavor to influence the development of the information economy to improve the quality of life for the Customer and the citizens of the commonwealth.

MISSION STATEMENT

Power House Computer Solution exists to enable our customers to succeed in their overall mission by providing and managing their information technology infrastructure and services. We accomplish this by:

- ✓ Identifying and incorporating solutions through the dynamic implementation and management of emerging technologies,
- ✓ Promoting sound fiscal management,
- ✓ Endeavoring to advance the capabilities of our existing information technology infrastructure and services,
- ✓ Broadly disseminating information regarding new technological developments,
- ✓ Providing network, system, and services management, maintenance, and support with emphasis on a high level of security, availability, and reliability,
- ✓ Remaining sufficiently flexible to pursue aggressive development and expansion of new services.

OUR SOLUTIONS

Power House Computer Solutions Plc has recently decided to extend its scope of business in network infrastructure solutions in line with the technological advancement and by studding the need of the market. Some of the services provided by **Power House Computer Solutions Plc** are:

- Site survey and design network infrastructure
- Installation and configuration of network infrastructure
- Implementation of wired LAN/WAN
- wireless and hybrid LAN/WAN
- Enterprise Network Design and Implementation
- VPN and Security
- Design and implementation of structural cabling (cable pulling, terminating, Punching, labeling and testing)
- Technical support and troubleshooting

Maintenance and Technical Support

Power House Computer Solutions Plc, has been giving technical support for various organization and now by its technique reach to an advanced level and by using its experience gained from the previous years of giving service, is fully equipped with professionals and necessary maintenance tools, utilities and software's for supporting customers.

Some of the maintenance and support services that **Power House Computer Solutions Plc** provides are:

- Computer, Laptop and other office machines
- Printer, Photocopiers and Fax Machines
- Servers and UPS
- Software installation and upgrading
- Network technical support
- Backup and storage
- Virus cleaning and antivirus installation

Power House Computer Solutions Plc gives various types of support services to its customers on the basis of different support strategy some of which are

- Annual support agreement
- On call based support
- Preventive and regular support

Microsoft Server solutions

- Windows server 200,2003,2008
- Exchange Server 2003,2007,2010
- SharePoint Portal Server 2003,2007,2010
- Internet Security & Acceleration Server 2004,2006
- And others...

Microsoft Office solutions

- MS office 2000, 2003, 2007 and 2010
- Outlook 2000, 2003, 2007 and 2010
- Visio 2003, 2007 and 2010
- Microsoft Project 2003, 2007 and 2010

Microsoft Windows Solutions

- Windows 98, 2000, XP , vista and windows 7

Unics OS Solutions

- Linux, Ubuntu, Red Hat, Fedracore

Cisco Solutions

Cisco 2500,2600,3600,3700,5300,6500,7200,7500 Series routers and Cisco 1900,2900,3800 and 4000,4300 series Switches ,PIX 515 ,535 Firewall, and Others

OSI reference Model and Protocols

TCP/IP,NAT,VPN, RIP, EIGRP, OSPF, BGP, Static Routing, Access-lists, IP, Subnetting, VLSM, CIDR,PPP,CDP,EDP,MD5,DS-1,DS-3,Framerelay and Broadband ,LAN Switching, VLAN, Inter vlan Routing, HSRP,RRP, QOS, DSCP, TOS, 802.1Q,ISL, STP, Etherchannel, PAgP, LACP, 802.11, Wireless LAN

SECURITY SOLUTION

Power House Computer Solutions Plc gives most of its attention on securing customer relevant data to be secured than everything. Some of the services that we provide are

- Intrusion Detection and Prevention (IPS and IDS)
- Data Lose Prevention
- Encryption
- Network Security
- Content filtering
- VPN
- Hardware and Software Firewall

TELEPHONE SOLUTIONS

- PBX design, installation and Configuration
- IVR
- Call Forwarding
- Unified Messaging
- Fax Server

POWER SOLUTIONS

- Power line design and installation
- Central UPS design and Installation

SOFTWARE DEVELOPMENT SOLUTIONS

- Pre-feasibility and Feasibility study (Preliminary Study)
- System Analysis & Design
- Development (Program writing, Testing & Debugging)
- Implementation (including change over and training)
- Documentation & Maintenance.

WEB SITE DEVELOPMENT SOLUTION

- Static and dynamic website
- Website upgrade and maintenance
- Web Application

OUR PEOPLE

We are close-knit organized team that consists of drive, dynamic and talented achievers. Among us are professionals in computer Science, specialist in Networking. We always press on developing innovating solutions and learning new technologies. We can implement the most advanced computer technologies. The result is very important for us. We prefer challenging tasks that give us opportunity to work on the edge of our capabilities. We cope with customers' order in the earliest possible date. We work to make our customers feel comfortable and happy carrying out their business tasks.

OUR CUSTOMERS

Becoming our customer/client you will be able:

- To be flourishing and successful in your business and get on in life;
- To solve technical problems of any complexity;
- To increase your revenue and achieve fast time to market;
- To outpace your competitors;
- To concentrate on your major business directions leaving Network implementation and integration to our professional and high motivated team;
- To elevate your customers' satisfaction through competitive Speed;
- To enjoy our consulting and support service.
